

# GRAND PACIFIC PALISADES RESORT & HOTEL

# *Palisades Coastal Review* September 2014

The summer excitement may nearly be over; however, Good News is not!

Here are some updates on the current projects to make Grand Pacific Palisades even better.

### ***Trellis Repair***

Trellises throughout the resort are set to be replaced this season. Inspection of the trellises showed that the age of the wood and the close proximity to the coast has weakened the structures. This replacement is necessary for both the aesthetics of the resort and the safety of our Owners and Guests.

### ***Vacations pair well with wine***

The new wine tasting activity is a hit with Owners and Guests alike! The event takes place with live entertainment on Thursday nights at the Adult Pool cabanas. Various wine styles and vintages are sampled while listening to live music from excellent local artists.

### ***HVAC Replacements***

As part of a four year process, unit and lobby HVAC replacement is underway. The majority of the unit and lobby air conditioners are at the end of their lifespan. In order to avoid failures, HVAC units are being selected on a basis of urgency for replacement. This will ensure many years of cool vacations to come!

### ***New Coastal View Units***

It has been exciting to see construction underway on the 13 additional coastal view units. We are on track to complete the project by the

middle of October. These new units offer fantastic views of the coastline, flower fields and Adult Lap pool.

***Penthouse Remodel***

The Penthouse renovation will be underway between September 15th and November 2nd. The remodel is to include new furniture throughout, updated bedding, artwork, a state-of-the-art entertainment system, larger TV's and beautiful patio furniture.

We hope that you will enjoy all our improvements during your next visit!
