Proposed Expansion of the Village at Squaw Valley

Your Board of Directors and Management encourages you to learn about the proposed development of approximately 100 acres of land within Squaw Valley, owned by Squaw Valley Holdings (previously know as KSL). You can learn more about the proposed project at www.squawrenaissance.com and by viewing the model which is located at Basecamp in Squaw Valley Village.

A recent Water Supply Assessment released by the Squaw Valley Public Services District indicates that the project may be one step closer to becoming a reality. The findings conclude that the water supply within Olympic Valley is sufficient to meet the needs of the estimated project even during a drought or severe drought conditions.

In the near future, you will receive periodic emails from Red Wolf Squaw Valley seeking your views about various aspects of the proposed project. Your opinions matter! We will provide a summary of feedback to both the developer and officials from Placer County reviewing the project.

Please keep a look out for the survey questions and be sure to let us know your thoughts!
