

Hello Red Wolf Lakeside Lodge Owners!

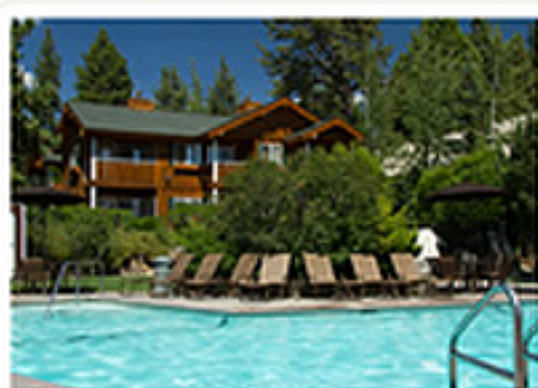

Maintenance Week

This year's Maintenance Week was a great success. A new boiler system was installed as the old system had malfunctioned and it was not repairable. Dorothy Sieckman, GPRM Facilities Director, was in charge of the entire project from finding a vendor to getting a top of the line system. The system is extremely energy efficient and we will see savings in our bills immediately. The unit only uses half of the space, giving the maintenance team more storage. The new carpet replacement project has been completed and the entire resort now has new carpet which looks great. Repairs were also made to the parking lot. We took advantage of the low lake levels and repainted and sealed the pier legs to ensure they will be safe and beautiful for years to come. The resort and the work look amazing and we're very pleased. Be sure to stop by and see for yourself.

Water Conservation

As we all know, California is in a drought. We are doing our part to help. Every day, tons of detergent and millions of gallons of water are used to wash towels which have only been used once. Our towel exchange program encourages you to reuse your towels. We have also planted drought resistant plants throughout the resort grounds and added redwood bark to flower beds to better hold moisture. We are following the California Law restrictions for watering; trying to help in every way possible.

Summer Fun

As we move into the summer months we are ready for fun. We have kayaks available for leisurely paddles. All summer activities are in full swing including you paint it pottery, Milly's knitting class, chair massage and, of course, Trini's famous barbeque. There are also many great local events. The North Tahoe Business Association will once again be hosting Music on the Beach at the Kings Beach State Beach every Friday starting June 19th at 6:30 pm through August 7th. Local vendors including Sierra Nevada Brewing Company will offer cold beer, selected wines from 14 Hands and soda will be available for purchase from 6 pm - 9pm There will also be food vendors such as the Souper Wagon, a Pop Above and Truckee Sourdough Company. This is a great event for all ages. The Kings Beach Fireworks will be held on Friday July 3rd. You may view them from our pier or join in the party at the North Tahoe Event Center. We can't wait to welcome you all back to your home away from home.

New Website Launch

The resort has a brand new website. The new look and content is fabulous. You will be receiving an email shortly with the website address. The site will offer resort features, activities at the resort and local area, a media gallery and you may check availability for rentals. The Marketing Team at Grand Pacific Resorts did an amazing job developing the new site, we are sure you'll be pleased. You will be receiving an email shortly with the website address.

See you soon,

Erin O'Brien
